

DUTIES OF A

BANKSMAN

An interactive training course on Duties of a Banksman

This SafetyNet interactive course for a **Banksman** provides users with training on **key points** including **how to make the agreed signals to assist drivers safely manoeuvre vehicles on site**. Completing this course on a regular basis will ensure your staff have the knowledge and information to undertake their role **safely**.

The course details the **driver's blind spot**, **correct hand signals** and points to remember.

The training message is delivered in a positive mode to ensure all trainees are aware of the safety procedures and know where to get information should they be required to.

The “**safety is a state of mind**” and “**no one works to get hurt**” culture is reinforced throughout the course. The learning design adopted ensures effective engagement of the Learner by continued interaction utilizing screen prompts to guide the trainee through the course and those with little or no computer experience will find it easy to use.

- ➔ A **cost effective** solution to your training and ongoing assessment requirements.
- ➔ **Recorded evidence of training** covering safe working practice and legal compliance.
- ➔ **Measurable** progress and achievement.
- ➔ **Consistent, reinforced** auditable training.

Having completed the tutorial, a random assessment test is generated and the course records the Learner's progress providing an auditable trail of results and a **certificate** of completion can be printed for successful students.

This certificate provides evidence of the underpinning knowledge required prior to completing a workplace assessment to prove competence.

Successful completion may be used to provide evidence for **Accreditation of Prior Learning for S/NVQs**.

A COST EFFECTIVE SOLUTION TO YOUR TRAINING

INTERACTIVE SCENARIOS

Regardless of the subject matter, all of the learning material that we develop is designed to engage, motivate and challenge the learner through the use of interactive screens which help to improve trainees' knowledge retention.

We are now enhancing the learning environment within our courses by adding course specific interactive scenarios that encourage the learner into interactive play further improving the knowledge transfer.

The courses and modules that we create can be used for standalone or as part of a blended learning approach and much of the materials have been designed with both purposes in mind.

Well designed learning materials can be used in many different scenarios, maximising your investments.
