SafetyNet

FIRE SAFETY

An interactive training course on fire safely.

This SafetynNet interactive learning course promotes a proactive approach towards **fire safety** and can be used to help foster and develop this attitude change amongst all staff.

The learning design adopted ensures **effective engagement** of the Learner by continued interaction utilizing screen prompts to guide the trainee through the course and those with little or no computer experience will find it easy to use.

The course highlights the **dangers that fire can cause** and delivers a positive message to encourage them to take a pro-active approach towards their responsibilities for ensuring the safety of everyone in the workplace.

The **"If in doubt, Get Out"** culture is reinforced throughout the course.

➲ A **cost effective** solution to your training and ongoing assessment requirements.

➲ **Recorded evidence of training** covering safe working practice and legal compliance.

➲ **Measurable** progress and achievement.

➲ **Consistent, reinforced** auditable training.

Having completed the tutorial, a random assessment test is generated and the course records the Learner's progress providing an auditable trail of results and a **certificate** of completion can be printed for successful students.

This certificate provides evidence of the underpinning knowledge required prior to completing a workplace assessment to prove competence.

Successful completion may be used to provide evidence for **Accreditation of Prior Learning for S/NVQs.**

**MAKE YOUR SITE A SAFETY ZONE -
KEEP IT SAFE AND LEGAL**

My SafetyNet courses...

- **Have the course customized to reflect your company's corporate identity, site requirements and company policy.**

- **Delivery of training can be configured to suit individual company IT requirements.**

- **Course accreditation can either be in – house or external (e.g. RoSPA, IOSH or CPD) depending on your particular requirements.**

A COST EFFECTIVE SOLUTION TO YOUR TRAINING

INTERACTIVE SCENARIOS

Regardless of the subject matter, all of the learning material that we develop is designed to engage, motivate and challenge the learner through the use of interactive screens which help to improve trainees' knowledge retention.

We are now enhancing the learning environment within our courses by adding course specific interactive scenarios that encourage the learner into interactive play further improving the knowledge transfer.

The courses and modules that we create can be used for standalone or as part of a blended learning approach and much of the materials have been designed with both purposes in mind.

Well designed learning materials can be used in many different scenarios, maximising your investments.

FIRE SAFETY
### Course Modules

THE DANGERS OF FIRE
- The dangers of fire in the workplace
- How to prevent fires starting
- What to do if a fire starts
- Evacuation and assembly point procedures
- Why identify more than one escape route
- Understand the need for periodic fire drills

CLASSES OF FIRE AND FIRE EXTINGUISHER TYPES
- What is meant by the Triangle of Fire
- What are the various categories of fire
- Different types of fire extinguisher
- How to choose the correct extinguisher for the type of fire
- What is the procedure for checking extinguishers are in working order
- How to deal with various types of fire
- What a fire blanket is and its uses

Fire action
Any person discovering a fire
FIRST AID

OXYGEN / **FIRE** / **FUEL** / **HEAT**

FIRE BLANKET
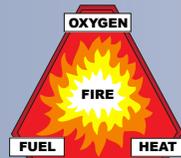

FIRE PREVENTION AND PRECAUTIONS
- The five steps under the Fire Safety Law 2006
- Ten ti ps for fire prevention
- A check list to help you keep safe

FIRE EXERCISES
- Identify the type of fire & which extinguisher to use
- Identify possible fire safety hazards
- Take appropriate action when discovering a fire

WATER | DRY POWDER | FOAM | CO2 CARBON DIOXIDE | VAPOURISING LIQUIDS | WET CHEMICAL
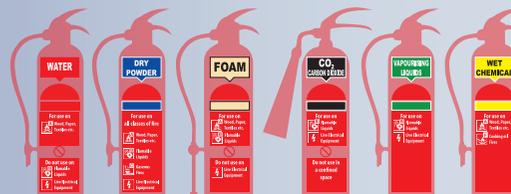

EXTINGUISHER USE AND APPLICATION
	Water	Foam spray	ABC powder	CO₂	Wet chemical
A	🙂	🙂	🙂	☹️	🙂
B	☹️	🙂	🙂	🙂	☹️
C	☹️	☹️	🙂	☹️	☹️
⚡	☹️	☹️	🙂	🙂	☹️
F	☹️	☹️	☹️	☹️	🙂

...training for success
