

Safety First with SafetyNet Interactive Training

"Keeping it Safe and Legal"

"Accelerated Learning for SHE Training"

The SafetyNet series has been specifically written and produced by Health & Safety experts to provide a consistent SHE "Best Practice" approach and to help foster this attitude change amongst all employees.

The courses Learning style ensures effective engagement through continual interaction to encourage Learners to take a pro active part in identifying and reporting unsafe acts, unsafe situations and near misses to help in Managing Total Site Safety and to make the workplace an accident free zone.

As an extra aid to the learning a Safety Ranger icon regularly pops up throughout the courses delivering key safety messages like "Be Safe", "Think Safety" and "Work Safely" to help reinforce and foster the attitude that safety is a state of mind, and "no one works to get hurt".

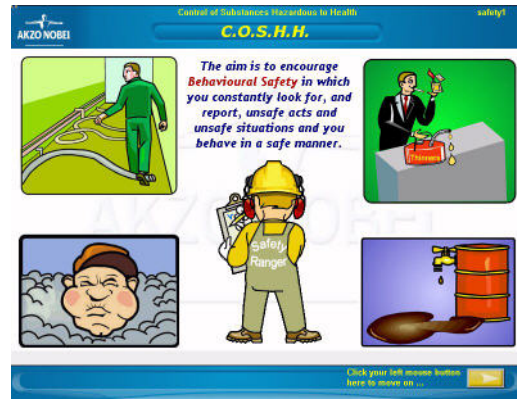

SafetyNet provides:

- ✓ A cost effective solution to your SHE training and ongoing assessment requirements
- ✓ Auditable evidence of training covering safe working practice and legal compliance
- ✓ Progress and achievement that is measurable
- ✓ Consistent, reinforced auditable training
- ✓ Learning available 24 hours a day, 7 days a week
- ✓ Workplace Assessment forms, course hand-outs and ancillary documents available to print from the individual courses.

Each SafetyNet course records the learner's progress and successful students performance can be printed in a personalised certificate.

Our LearnMate Management System (LMS) provides client automatic performance checking and record keeping. SafetyNet course Certification can be either "In House or IOSH accredited"

My SafetyNet Courses ...

Have the SafetyNet series of courses customized to reflect your Company's corporate identity, site requirements and Company SHE policy.

We can modify courses to:

- ✓ Reflect your company image and logo.
- ✓ Insert content relevant to your site.
- ✓ Add or remove sound and video clips.
- ✓ Change course questions and text.
- ✓ Insert your own digital photos, and graphics.
- ✓ Add your own language soundtrack.
- ✓ Change assessment pass marks and certificates.

Swan also provides bespoke Interactive Courses for clients as a cost effective solution to deliver knowledge, while providing on-going assessments to prove competence in the workplace.

For example:

- ✓ Induction - Site/Contractor.
- ✓ Working Safely - sector specific
- ✓ PTW.
- ✓ Customer Care.
- ✓ GMP, etc.
